

How to Print the Mat

Materials:

- White cloth, size 150cm x 100cm
- Copies of the pictures (inverted printing)
- Rags
- Cardboard
- Paint Remover (diluent)

Instructions:

First draw a grid with the exact number of squares you'll be needing, each square must measure 15cm x 15 cm; then print the pictures, by applying the pictures facing the cloth and using the rags and the diluent, as shown in the pictures bellow. Allow drying and then students can colour the pictures.
